This Free of Charge application was designed to help manufacturers, consultants, notified bodies to keep under control the EU declaration of conformity.

The application allows you to:

- Compose in few minutes declaration of conformity compliant with applicable directives;
- Search for a standard by keyword or synonyms or filtering by directive(s);
- Get the right standards form the list of harmonised standards;
- Take under control list of products, declarations of conformity, amended declarations of conformity;
- Download declaration in word or PDF format, with your logo;
- Store all declarations on a secure server;
- Receive an alert when an harmonized standards change in the official journal;
- Automatically provide report (action list), when an official journal changes;
- Allow to work with one or more separate manufacturers;
- Take under control product made by assembly of products;
- Allow multiple users to access to the same work with different roles (view/edit/approve) declaration of conformity;
- Allow to add a QR CODE in the declaration of conformity so will be possible for users to check the last release of a declaration in our servers;

COMMISSION IMPLEMENTING DECISION (EU) 2019/1326
of 5 August 2019

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) In accordance with Article 13 of Directive 2014/30/EU of the European Parliament and of the Council, electrical equipment which is in conformity with harmonised standards or parts thereof, the references of which have been published in the Official Journal of the European Union, are to be presumed to be in conformity with the essential requirements covered by those standards or parts thereof set out in Annex I to that Directive.

(2) By Commission Implementing Decision C(2016)7641, the Commission made a request to the European Committee for Standardisation (CEN), the European Committee for Electrotechnical Standardisation (Cenelec) and the European Telecommunications Standards Institute (ETSI) for the drafting, revision and completion of harmonised standards for electromagnetic compatibility in support of Directive 2014/30/EU.

(5) The standards EN IEC 61058-1:2018, EN 55035:2017, EN ISO 13766-1:2018 and EN 63024:2018 satisfy the requirements which they aim to cover and which are set out in Directive 2014/30/EU. It is therefore appropriate to publish the references of those standards in the Official Journal of the European Union.

(6) Cenelec drafted a corrigendum EN 61000-6-5:2015/AC:2018-01 correcting harmonised standard EN 61000-6-5:2015 the reference of which is published in the Official Journal of the European Union. Due to the fact that the corrigendum introduces substantial technical corrections and in order to ensure correct and consistent application of EN 61000-6-5:2015, it is appropriate to publish the reference of the harmonised standard together with the reference of the corrigendum in the Official Journal of the European Union.

(7) Standards EN 13309:2010 and EN 50557:2011 have been revised and standard EN 61000-6-5:2015 has been corrected. It is therefore necessary to withdraw the references of those standards from the Official Journal of the European Union. In order to give manufacturers sufficient time to prepare for application of the revised and the corrected standards, it is necessary to defer the withdrawal of the references to those standards.

HAS ADOPTED THIS DECISION:

Article 1

The references of harmonised standards for electromagnetic compatibility drafted in support of Directive 2014/30/EU listed in Annex I to this Decision, are hereby published in the Official Journal of the European Union.

Article 2

The references of harmonised standards for electromagnetic compatibility drafted in support of Directive 2014/30/EU, listed in Annex II to this Decision are hereby withdrawn from the Official Journal of the European Union as from the dates set out in that Annex.

Article 3

This Decision shall enter into force on the day of its publication in the Official Journal of the European Union.

Done at Brussels, 5 August 2019.

For the Commission

The President

Jean-Claude JUNCKER
