EU DECLARATION OF CONFORMITY

This Free of Charge application was designed to help manufacturers, consultants, notified bodies to keep under control the EU declaration of conformity.

The application allows you to:

- Compose in few minutes declaration of conformity compliant with applicable directives;
- Search for a standard by keyword or synonyms or filtering by directive(s);
- Get the right standards form the list of harmonised standards;
- Take under control list of products, declarations of conformity, amended declarations of conformity;
- Download declaration in word or PDF format, with your logo;
- Store all declarations on a secure server;
- Receive an alert when an harmonized standards change in the official journal;
- Automatically provide report (action list), when an official journal changes;
- Allow to work with one or more separate manufacturers;
- Take under control product made by assembly of products;
- Allow multiple users to access to the same work with different roles (view/edit/approve) declaration of conformity;
- Allow to add a QR CODE in the declaration of conformity so will be possible for users to check the last release of a declaration in our servers;

COMMISSION IMPLEMENTING DECISION (EU) 2024/2944

of 28 November 2024

on the harmonised standards for appliances burning gaseous fuels drafted in support of Regulation (EU) 2016/426 of the European Parliament and of the Council and repealing Commission Implementing Decision (EU) 2024/224

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council⁽¹⁾, and in particular Article 10(6) thereof,

Whereas:

- (1) In accordance with Article 13 of Regulation (EU) 2016/426 of the European Parliament and of the Council⁽²⁾, appliances and fittings which are in conformity with harmonised standards or parts thereof, the references of which have been published in the *Official Journal of the European Union*, are to be presumed to be in conformity with the essential requirements covered by those standards or parts thereof set out in that Regulation.
- (2) By Commission Implementing Decision C(2023)4789⁽³⁾, the Commission made a request to the European Committee for Standardization (CEN) and to the European Committee for Electrotechnical Standardization (Cenelec) for the revision of existing harmonised standards drafted on the basis of standardisation mandate M/BC/CEN/06-89 of 29 April 1990 to ensure that they continue to reflect the generally acknowledged state of the art in order to meet the essential health and safety requirements set out in Annex I to Regulation (EU) 2016/426.
- (3) On the basis of the request set out in Implementing Decision C(2023)4789, CEN revised the following harmonised standards, the references of which are published in the *Official Journal of the European Union* by Commission Implementing Decision (EU) 2024/224⁽⁴⁾: EN 30-1-1:2021, EN 30-1-2:2023, EN 88-1:2022, EN 203-1:2021, EN 203-2-1:2021, EN 203-2-2:2021, EN 203-2-4:2021, EN 257:2022, EN 549:2019+A1:2023, EN 751-3:2022, EN 1106:2022, EN 1854:2022, EN 15502-1:2021, EN 15502-2-1:2022 and EN 16898:2022. As a result, CEN adopted the following revised harmonised standards, respectively: EN 30-1-1:2021+A1:2023, EN 30-1-2:2023+A1:2024, EN 88-1:2022+A1:2023, EN 203-1:2021+A1:2023, EN 203-2-1:2021+A1:2023, EN 203-2-2:2021+A1:2023, EN 203-2-4:2021+A1:2023, EN 257:2022+A1:2023, EN 549:2019+A2:2024, EN 751-3:2022+A1:2023, EN 1106:2022+A1:2023, EN 1854:2022+A1:2023, EN 15502-1:2021+A1:2023, EN 15502-2-1:2022+A1:2023 and EN 16898:2022+A1:2023.
- (4) The Commission, together with CEN, has assessed whether the harmonised standards revised by CEN comply with the request set out in Implementing Decision C(2023)4789.

⁽¹⁾ OJ L 316, 14.11.2012, p. 12, ELI: <http://data.europa.eu/eli/reg/2012/1025/oj>.

⁽²⁾ Regulation (EU) 2016/426 of the European Parliament and of the Council of 9 March 2016 on appliances burning gaseous fuels and repealing Directive 2009/142/EC (OJ L 81, 31.3.2016, p. 99, ELI: <http://data.europa.eu/eli/reg/2016/426/oj>).

⁽³⁾ Commission Implementing Decision C(2023)4789 of 20 July 2023 on a standardisation request to the European Committee for Standardization and the European Committee for Electrotechnical Standardization as regards gas appliances and fittings in support of Regulation (EU) 2016/426 of the European Parliament and of the Council.

⁽⁴⁾ Commission Implementing Decision (EU) 2024/224 of 10 January 2024 on the harmonised standards for appliances burning gaseous fuels drafted in support of Regulation (EU) 2016/426 of the European Parliament and of the Council (OJ L, 2024/224, 12.1.2024, ELI: http://data.europa.eu/eli/dec_impl/2024/224/oj).

- (5) The reference of harmonised standard EN 30-1-1:2021 on the general safety for domestic cooking appliances burning gas was published by Implementing Decision (EU) 2024/224 with restrictions. Harmonised standard EN 30-1-1:2021+A1:2023 does not address those restrictions.
- (6) The harmonised standards revised by CEN on the basis of the request set out in Implementing Decision C(2023) 4789, except for harmonised standard EN 30-1-1:2021+A1:2023, satisfy the requirements which they aim to cover and which are set out in Annex I to Regulation (EU) 2016/426. It is therefore appropriate to publish the references of those standards in the *Official Journal of the European Union*.
- (7) Harmonised standard EN 30-1-1:2021+A1:2023 satisfies the requirements which it aims to cover and which are set out in Annex I to Regulation (EU) 2016/426, except for the requirements set out in points 3.2.4 and 3.4.4 of Annex I to Regulation (EU) 2016/426. It is therefore appropriate to publish the reference of that standard in the *Official Journal of the European Union* with restrictions.
- (8) In the interests of clarity, rationality and simplification, a complete list of references of harmonised standards drafted in support of Regulation (EU) 2016/426 and satisfying the requirements they aim to cover should be published in a single act. The references of harmonised standards drafted in support of Regulation (EU) 2016/426 are currently published by Implementing Decision (EU) 2024/224. Consequently, it is necessary to replace Implementing Decision (EU) 2024/224 by a new decision.
- (9) Compliance with a harmonised standard confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the date of its publication,

HAS ADOPTED THIS DECISION:

Article 1

The references of harmonised standards for appliances burning gaseous fuels and fittings drafted in support of Regulation (EU) 2016/426, listed in the Annex to this Decision, are hereby published in the *Official Journal of the European Union*.

Article 2

Implementing Decision (EU) 2024/224 is repealed.

Article 3

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 28 November 2024.

For the Commission
The President
Ursula VON DER LEYEN

ANNEX

No	Reference of the standard
1.	EN 30-1-1:2021+A1:2023 Domestic cooking appliances burning gas – Part 1-1: Safety – General Restrictions: (a) EN 30-1-1:2021+A1:2023 does not cover the essential requirement set out in point 3.2.4 of Annex I to Regulation (EU) 2016/426; (b) EN 30-1-1:2021+A1:2023 covers the essential requirement set out in point 3.4.4 of Annex I to Regulation (EU) 2016/426 as regards carbon monoxide but does not cover that requirement as regards other harmful concentrations of substances likely to present a danger to health.
2.	EN 30-1-2:2023+A1:2024 Domestic cooking appliances burning gas – Part 1-2: Safety – Appliances having forced-convection ovens
3.	EN 88-1:2022+A1:2023 Safety and control devices for gas burners and gas burning appliances – Part 1: Pressure regulators for inlet pressures up to and including 50 kPa
4.	EN 203-1:2021+A1:2023 Gas heated catering equipment – Part 1: General safety requirements
5.	EN 203-2-1:2021+A1:2023 Gas heated catering equipment – Part 2-1: Specific requirements – Open burners and wok burners
6.	EN 203-2-2:2021+A1:2023 Gas heated catering equipment – Part 2-2: Specific requirements – Ovens
7.	EN 203-2-4:2021+A1:2023 Gas heated catering equipment – Part 2-4: Specific requirements – Fryers
8.	EN 257:2022+A1:2023 Mechanical thermostats for gas-burning appliances
9.	EN 549:2019+A2:2024 Rubber materials for seals and diaphragms for gas appliances and gas equipment
10.	EN 751-3:2022+A1:2023 Sealing materials for metallic threaded joints in contact with 1st, 2nd and 3rd family gases and hot water – Part 3: Unsintered PTFE tapes and PTFE strings
11.	EN 1106:2022+A1:2023 Manually operated taps for gas burning appliances
12.	EN 1854:2022+A1:2023 Safety and control devices for burners and appliances burning gaseous and/or liquid fuels – Pressure sensing devices for gas burners and gas burning appliances
13.	EN 15502-1:2021+A1:2023 Gas-fired heating boilers – Part 1: General requirements and tests
14.	EN 15502-2-1:2022+A1:2023 Gas-fired central heating boilers – Part 2-1: Specific standard for type C appliances and type B2, B3 and B5 appliances of a nominal heat input not exceeding 1 000 kW
15.	EN 16898:2022+A1:2023 Safety and control devices for gas burners and gas burning appliances – Gas filters having a maximum working pressure up to and including 600 kPa
