EU DECLARATION OF CONFORMITY

OFFICIAL JOURNAL OF PRESSURE EQUIPMENT DIRECTIVE (2014/68/EU)

Try it for free on:
https://ce-marking.help
This Free of Charge application was designed to help manufacturers, consultants, notified bodies to keep under control the EU declaration of conformity.

The application allows you to:

- Compose in few minutes declaration of conformity compliant with applicable directives;
- Search for a standard by keyword or synonyms or filtering by directive(s);
- Get the right standards form the list of harmonised standards;
- Take under control list of products, declarations of conformity, amended declarations of conformity;
- Download declaration in word or PDF format, with your logo;
- Store all declarations on a secure server;
- Receive an alert when an harmonized standards change in the official journal;
- Automatically provide report (action list), when an official journal changes;
- Allow to work with one or more separate manufacturers;
- Take under control product made by assembly of products;
- Allow multiple users to access to the same work with different roles (view/edit/approve) declaration of conformity;
- Allow to add a QRCODE in the declaration of conformity so will be possible for users to check the last release of a declaration in our servers;

COMMISSION IMPLEMENTING DECISION (EU) 2019/1616  
of 27 September 2019  
on the harmonised standards for pressure equipment drafted in support of Directive 2014/68/EU  
of the European Parliament and of the Council

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Whereas:

(1) In accordance with Article 12 of Directive 2014/68/EU of the European Parliament and of the Council (2), pressure equipment or assemblies referred to in Article 4(1) and (2) of that Directive which are in conformity with harmonised standards or parts thereof, the references of which have been published in the Official Journal of the European Union, are to be presumed to be in conformity with the essential safety requirements covered by those standards or parts thereof referred to in Annex I to that Directive.

(2) By letter M/071 of 1 August 1994 the Commission made a request to the European Committee for Standardization (CEN) for drawing up, in relation to the pressure equipment, the product related standards and the standards of a horizontal nature in support of Directive 97/23/EC of the European Parliament and of the Council (3). That Directive was replaced by Directive 2014/68/EU without changing the essential safety requirements referred to in Annex I to Directive 97/23/EC.

(4) The Commission together with the CEN has assessed whether the standards on the pressure equipment as drafted, amended or revised by CEN comply with the request M/071.

(5) The standards on the pressure equipment as drafted, amended or revised by CEN satisfy the requirements which they aim to cover and which are referred to in Annex I to Directive 2014/68/EU. It is therefore appropriate to publish the references of those standards in the Official Journal of the European Union.

(7) Compliance with a harmonised standard confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the Official Journal of the European Union. This Decision should therefore enter into force on the day of its publication,

HAS ADOPTED THIS DECISION:

Article 1

The references of harmonised standards for pressure equipment drafted in support of Directive 2014/68/EU, listed in Annex I to this Decision, are hereby published in the Official Journal of the European Union.

Article 2

The references of harmonised standards for pressure equipment drafted in support of Directive 2014/68/EU, listed in Annex II to this Decision, are hereby withdrawn from the Official Journal of the European Union as from the dates set out in that Annex.

Article 3

This Decision shall enter into force on the day of its publication in the Official Journal of the European Union.

Done at Brussels, 27 September 2019.

For the Commission
The President
Jean-Claude JUNCKER
